# MERINO SOCKS

Our Performance winter sock

With our new merino socks you can effortlessly cycle through autumn, winter and spring, with wonderfully warm feet. Thanks to the sporty structure, these socks offer extra support and compression, so you stay comfortable, even during the longest rides. We have designed them to be just the right amount of warmth, while still allowing your feet to breathe. In freezing temperatures? Combine the Merino Socks Black with overshoes and you are ready to take on any ride!
